

## Congratulations on Your Forthcoming Wedding

I am a qualified member of The British Institute of Professional Photography with over twenty years' professional experience photographing weddings of all sizes - from simple civil ceremonies to large society events.

I take great pride in providing a flexible, friendly, professional service, *tailored to your requirements* and genuinely care about you and your special day. My style is a mixture of modern reportage and classic wedding images - I have the experience to create memorable images of your special day in a relaxed yet thoroughly organised manner. All weddings are unique and client input is all important - *you* decide on the content of your package; all costs are agreed with you prior to your wedding day.
